Susanne Rockwell, Parks Project Planner summarized the public meeting and the identified outcomes. The majority of the PAT meeting was spent reviewing the outcomes and community's priorities to make sure that they fully reflected the whole neighborhood, not just the perspective of those in attendance at the public meeting. \\\

The PAT then discussed ideas for possible programming at the facility and gave input on the format for the first public meeting which will held on March 16, 2011. Previous brainstorming of program/use ideas by the community will be presented at the first public meeting along with ideas generated at this PAT meeting.
