Red text means the park is new since 2000.
Blue text means the park has been improved since 2000.

* Pesticide-free park
** Please see individual park pages on the web for parks with reservable picnic tables
*** For hiking trails, please see http://www.cityofseattle.net/parks/Environment/Trails/trailsprogram.htm

Skatedots, otherwise known as "integrated skateable terrain," can be seamlessly integrated into small neighborhood parks and throughout the city by identifying existing spaces that already are or could be used for skating.

Skatespots can range in size from 1,500 up to 10,000 square feet. These are considered neighborhood facilities that can accommodate up to 13 users at a time and are similar in size to a basketball court or single tennis court.
