

Meeting Notes Addendum to 1st Meeting for the Play Area 6/1/2011

June, 30, 2011

We heard back from some of you about the June 1, 2011, Community Meeting Minutes and it was suggested that the following items either be added or emphasized:

1. The play area lawn can be very wet during certain times of the year. Please help to make it better.
2. Consider providing safe and functional connections between the family terrace, sports terrace and upper reservoir terrace.
3. Some people posted ideas on the white boards provided at the meeting. These ideas included such items as this: references to maple leaf symbols, slide references, the sculpture idea, a rock wall, a climbing wall, stuff that spins, art, community/child made art, colorful, sturdy, creating history, adding "maple leafiness", nature, community participation, working with the schools, move play area to other side of park.
4. Protect the bench placed in honor of Dylan Church.
5. Consider the protected viewpoints in the design.
