**General Notes:**  
 1.Underground utilities shown here have been established from existing records from various sources and verified where possible by location of surface features. Parks Survey assumes no liability for the accuracy of those records. Final location in areas critical to design and/or construction should be field verified before proceeding.

2.All survey monuments depicted on this drawing are subject to WAC 332-120-040 -Survey Monuments-Removal or Destruction.

3.Site Survey by Park Survey. May not conform to current published City of Seattle CAD standards. Questions contact James Stone PLS 33137 at 684-4954.
