**Please ensure the appropriate option is checked for each class you will attend**

Please request a Retirement Estimate from our office before submitting this application to the Retirement Office. Retirement estimates may take several weeks to complete depending upon our backlog and the complexity of your work history. Alternatively, the Retirement Benefit Calculator is online at: [www.cityofseattle.net/retirement/calculators.htm](http://www.cityofseattle.net/retirement/calculators.htm) or [www.seattle.gov/retirement/calculators.htm](http://www.seattle.gov/retirement/calculators.htm) if you wish to prepare an estimate yourself. We have limited the preparation of retirement estimates to those that are planning to retire within three (3) years. If your planned retirement date is more than three (3) years away, you will be able to use the online calculator that is linked above. **Please bring a copy of the Retirement Estimate with you to the first seminar.**

To register for the class, please complete and return this form to the Retirement Office. Class sizes are limited. Class placement will be confirmed approximately 4-6 weeks prior to each class session. Those closest to retirement will be given priority. **Please do not presume placement in the requested program until you receive confirmation.**

You will be notified whether your application has been approved or postponed, via the US mail, as well as by email. **Only the applicants that have been approved will be granted access to the seminars.** We will keep a waiting list with the names of those who were not accepted and will attempt to place them into a subsequent seminar series, prioritizing those closest to retirement.

This program is funded by the Retirement System. There is no admission charge.

We recommend that you also consider attending one of the Deferred Compensation seminars put on by the Plan Administrator. Those sessions will be announced on the City In web Home Page.

Thank you for your interest in the Preparing for Retirement Seminars.
